

April 7, 1994

LB 907, 984, 984A

SPEAKER WITHEM: LB 984 (sic).

CLERK: LB 984A, a bill by Senator Wehrbein. (Read title.)

SPEAKER WITHEM: Senator Wehrbein.

SENATOR WEHRBEIN: This simply is an A bill catching up with LB 984. It's...it's drafted right now so that it covers the way the bill is in its present condition before a proposed amendment will be. And it has some money in it for the Department of Agriculture for administrative purposes to administer the money as...if we use the corn checkoff transferring it over, it definitely will be changed as the way the situation is going. This simply is an A bill catching up at this point, but I will predict that it will definitely be changing as whatever form the bill takes on the next round of debate.

SPEAKER WITHEM: Any discussion? Senator Wehrbein, to close. The question is the advancement of 984A. All in favor vote aye, opposed vote nay. Record.

CLERK: 25 ayes, 0 nays, Madam President (sic), on the advancement of 984A.

SPEAKER WITHEM: LB 984A. Select File, return to LB 907.

CLERK: LB 907, Mr. President, it was discussed the day before yesterday. At that time, there were amendments offered that were adopted. I do have a motion.

SPEAKER WITHEM: Senator Hudkins, do you need to refresh the memory of the body? I think we just talked about it a second ago. If you want to take 30 seconds or so to tell us about the bill and then we'll go to the motions.

SENATOR HUDKINS: Thank you, Mr. Speaker, members. Yes, LB 907 is a bill that I have chosen as my priority bill. It did come out of committee with no dissenting votes. Maybe there were. Excuse me. Strike that, I'm not sure, but it did pass first round reading. What it does is to cause penalties for knowingly giving false information to agencies. It is already a crime to give false information to police departments, fire departments, medical personnel. This would include other governmental agencies from knowingly giving false reports.
